School Council Meeting 2:30pm

- **Young Carers Awareness Day – 16th March** (collective worship)

We discussed what a young carer is and why it's important to promote this day.

- **Comic Relief – 18th March**

The children have decided they would like to run a competition to design a red nose. The winner will be selected and announced by the School Council in our Celebration Assembly the following Friday. Donations are welcome from those families that wish to donate.

- **Cake sale – 16th March** (after school)

This was warmly welcomed by the School Council. The PTA had put this suggestion forward and the children were excited to take this back to share with their classes. Older members of the School Council have stepped forward to run the sale.

- **Easter Fair**

Children made notes to take back to class to discuss the stall they would like to put on for the Easter Fair. Teachers to sign up by Monday so this can be shared with the PTA. House and Vice captains and older members of School Council have opted to run the stalls with staff overseeing them.

- **Pond refurbishment**

School Council took a walk round the pond and wild area to see what the PTA had cleared. The grant applied for was discussed and how we could promote and support our refurbishment. The children were excited about putting a film together to encourage the wider community to vote for us.

AOB

- The organisation of cloakrooms so there are not too many children in there at the same time.
- Mirrors in the toilets. It was decided that this was not something that was a priority as we didn't want to encourage children to be in the toilet area any longer than they needed to be.
